

OPPOSES GIVING ADVICE TO DYING

Episcopal Deputies Hold It
Is of Minister's Business
About Man's Will.

International News Service:

ST. LOUIS, Mo., Oct. 26.—Clergymen of the Protestant Episcopal church will no longer advise dying persons as to the disposal of their property, if the house of bishops concurs in an action taken in the house of deputies of the church general convention in session here Wednesday.

This action would eliminate from the prayer book the direction to ministers to urge a dying person who has not disposed of his goods to make his will, declare his assets and liabilities "for the better discharging of his conscience and the quietness of his executors."

The decision was a result of a proposal for the commission on the revision of the book of common prayer to submit for the rubric which has been used, one which clothed the same general idea in different words.

None of Clergy's Business.
Francis Lewis of Philadelphia, objected, asserting that such service is not as intended, a strictly religious one.

"Whether a man has made his will is none of the clergy's business," he said. "His creditors will take care of his debts and his executors in all probability will be well paid."

As a result the lower house, sitting as a committee of the whole, voted the proposal of the committee and voted to drop the objectionable part of the present rubric.

The house of deputies adopted, for the first time in the history of the church, a prayer for the dead. This action also is subject to the concurrence of the house of bishops.

KEEL FOR CALIFORNIA NEW DREADNAUGHT LAID

U. S. Battleship Oregon Is Guest of
Honor—Ready to Launch by
Jan. 1, 1918.

VALLEJO, Calif., Oct. 26.—The battleship Oregon, built on the Pacific coast many years ago, was the guest of honor Wednesday at the laying of the keel of the new dreadnaught, California, at Mare Island navy yard. The Oregon came from San Francisco earlier in the day with the California congressional delegation, headed by Sen. James D. Phelan, and some 800 civilian guests.

The California should be ready for launching Jan. 1, 1918, and in commission the following year. She will have a displacement of 32,000 tons, a speed of 21 knots, and will carry 55 officers and 1,022 men.

MINERS GET INCREASE

CUMBERLAND, Md., Oct. 26.—The coal miners of the George's creek region Wednesday were granted a voluntary increase, of seven cents a ton. The new rate will be 75 cents. Laborers were granted an increase of 25 cents a day.

SOCIETY WOMAN MAY BE TYPHOID CARRIER

Mrs. George W. Herrick of Englewood Will Undergo Investigation Today.

International News Service:
CHICAGO, Oct. 26.—Mrs. George W. Herrick, club woman and society leader of Englewood, will present herself at a hospital today for investigation to determine if she is carrier of typhoid germs. A test of her blood in a search for the person who is believed to be responsible for 15 cases of typhoid among pupils of the Englewood high school showed the only violent reaction among tests of 75 women who have conducted the school lunch room as a benefit for their club.

Members of Mrs. Herrick's family scout the idea that she is a typhoid carrier. She faces isolation if such prove to be the case.

PLAN ITALIAN DRIVE

Materials Are Being Gathered For
Great Concerted Attack.

International News Service:
ROME, Oct. 26.—If the Germans conquer Roumania their next great campaign will be launched against Italy, it is believed by many military critics, the Berne correspondent of the Idea Nazionale telegraphed today that plans already are being made in Berlin and Vienna for a great concerted attack against Italy and that materials are being gathered. The army groups will be composed of Germans, Austro-Hungarians, Bulgarians and Turks. Germany will furnish all the artillery and most of the other supplies needed.

CALL FRENCH RAID "POISON MURDER"

Berlin Paper Says Airmen Dropped
Gas Bombs on Metz and Lorraine Villages.

International News Service:
BERLIN (via Sayville wireless), Oct. 26.—"Poison murder from the air" is the characterization by the Berlin Tagblatt of the French aviators' raid on Metz and villages in Lorraine, in which five persons were killed while seven others fell sick from inhaling poisonous gases. "We hope that the French government may find a credible apology or excuse for this murderous attempt," says the paper.

"We call attention to the fact that French flyers for the first time assassinated peaceful residents with gas bombs. This is a dastardly low and dishonoring deed."

"HALLOWEEN PARTY"

The Students of the South Bend Business college will give their Annual Halloween Party Friday evening, Oct. 27. All present and former students are invited. Committee.

Bad Colds from Little Sneezes Grow.

Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. Dr. King's New Discovery loosens the phlegm, clears the head, soothes the irritated membrane and makes breathing easier.

WILLIAM THAW STILL BIG ASSET TO FRANCE

Latest reports from Paris are to the effect that William Thaw, the American now a member of the French aviation corps, is still much in the land of the living. Several days ago it was reported that he had been killed in an air battle on the Somme front.

BRITISH TO GET NEW LOAN OF \$300,000,000

J. P. Morgan & Company Announce
American Bankers to Be Behind
Huge Project.

NEW YORK, Oct. 26.—Official announcement was made Wednesday by J. P. Morgan & Company that a new British loan by American bankers, aggregating \$300,000,000 had been arranged. It will bear interest at 5 1/2 percent and is payable in two installments, one of three years, and one of five years.

How to Treat Croup Externally

Rub Vick's Vapo-Rub Salve well over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or \$1.00. At druggists.—Advt.

VICK'S VAPORUB SALVE

TWO WOMEN KILLED IN GOTHAM FACTORY FIRE

Sensational Rescues Made of Men
and Women Trapped on
Roof of Building.

NEW YORK, Oct. 26.—Two young women were killed in a four alarm fire which wrecked a seven story loft and factory building in E. Houston st. Wednesday night causing property damage estimated at about \$100,000. Several other persons had not been accounted for late Wednesday night.

Sensational rescues were effected by police and firemen who went to the aid of a score of men and women trapped on the roof. A number of persons several of them firemen, were overcome by smoke or cut by flying glass.

A few minutes after the apparatus reached the Houston st. fire, flames were seen shooting from another building in Green st., four blocks away. Four alarms were again sounded and virtually all the fire apparatus in the lower part of Manhattan was called out.

The streets in that part of the city are lined with factory and loft buildings, as well as tenement houses. Five years ago, within half a dozen blocks of tonight's fires, occurred the Triangle Waist Co. tragedy in which 147 persons mostly girls, lost their lives.

According to the police, the two known victims Wednesday night were killed in jumping from the roof of the burning building to a tenement house adjoining, a fall of two stories. Firemen were trying to rescue them when they leaped.

How is your Stomach?

Is your digestion weak?
Is your appetite poor?
Any distress after eating?

THEN, BY ALL MEANS, TRY

HOSTETTER'S Stomach Bitters

HOW STAGE DANCERS AVOID FOOT TROUBLES

A pretty dancer whose face and fame are familiar to all theater-goers is constantly asked the question: "How do you keep your feet free of trouble? Mine ache if I do anything at all out of the ordinary, such as walking, standing or dancing more than usual." And here is this little dancer's prescription: "I always have a package of Wa-Na-Ta on hand and always after working hard on the stage I bathe my feet in hot water in which I dissolve two or three tablets of this preparation. I never have trouble, as this leaves my feet cool, comfortable and happy." If your druggist can't supply you with Wa-Na-Ta, don't accept a worthless substitute be may have an interest in recommending, but send us 10 cents and we will mail you prepaid a sample package of this wonderful foot relief. You can use Wa-Na-Ta with delightful effect in your body bath. Leaves skin soft and antiseptically clean. The regular size packages sell for 25 cents. L. C. London Co., South Bend, Ind. Advt.

We Can Save A Few Men \$175 On the HUDSON SUPER-SIX

Note These Important Facts
Prices Will Advance Soon

We have just been notified as follows about coming Super-Sixes:

There will be no changes in models. The only changes, if any, will be minor refinements. But this year's production is nearly sold out—both of open models and enclosed. The new production—starting December 1—will be built from materials contracted this year, at enormous advance in cost. And, to maintain present standards, those cars must cost \$175 more.

We Have Cars Yet to Come

We have some cars yet due us at the present price. Some open, some enclosed. They will be sold at present prices while our allotment lasts. After that, every car shipped to us will cost the higher price.

You can save that difference—\$175—by buying your Super-Six now. And you'll get the same models as buyers get who buy after December 1. Consider that fact well.

The Fair Hudson Policy

This is another striking evidence of the fair Hudson policy.

The Super-Six is a monopoly. This marvelous motor—adding 80 per cent to engine efficiency—is a Hudson patent.

Its supremacy is unchallenged. It has won every world's record which can possibly prove any quality you seek in a motor.

It has made the Hudson the largest-selling fine car in the world. Yet this year's demand was hardly half supplied.

Still this car has been sold at a minimum profit—at a price far below cars of lesser performance. The only advance for next year is the added cost of materials. And that advance will not apply until these materials are used.

Next Year Will Be a Super-Six Year.

The Super-Six this year came in as a stranger. It was like all strangers, received with some question.

The next season will start December 1 with 25,000 Super-Sixes running. And with 25,000 enthusiastic owners.

It will start with performance records, which prove that this invention has doubled a motor's endurance.

It holds all stock-car records up to 100 miles. It holds the 24-hour record of 1819 miles. It won the Pike's Peak hill-climb against 20 famous rivals. It holds the ocean-to-ocean record—San Francisco to New York, made in 14 hours, 59 minutes less time than the next best record.

Next year the Super-Six, with all these records behind it will hold the peak place by itself.

Save By Deciding Now

If you want such a car—even next year—you will save \$175 by deciding now. Never again, in all probability, can you buy a Super-Six at these prices.

Come and select the style you want before we sell all our allotment.

Stout Defense of Germans in West

GERMAN CONCRETE DUG-OUT

These heavily armored dug-outs—the German ingeniously plastered the domes of these dug-outs with mud and brush. The dug-out shown in the accompanying photograph was captured by British troops, one of whom is seen standing in the doorway, only after one of the newly invented mobile landforts, or "Hush Hush" as they are termed, shelled it for a considerable period of time. Whole lines of these concrete dug-outs have frequently been captured.
